

COMMUNITY FORUM

FACILITIES MASTER PLANNING FOR SANTA ROSA CITY SCHOOLS

SANTA ROSA SCHOOLS WOULD LIKE YOUR HELP IN DEVELOPING THEIR FACILITIES MASTER PLAN. PLEASE COME AND LEARN ABOUT PRELIMINARY MASTER PLANS FOR YOUR SCHOOLS.

The engagement of the community is a core part of developing our Facilities Master Plan. The planning team has already met with a committee at each school site representing all stakeholders and would like to share their draft plans and recommendations for each school with the community. We would also like to explain how we are developing the Facilities Master Plan and the important role that each school community has played. Please come to learn about the future of your school and share your input.
